- **Password (NIP)**: it is used as a password in several Université Laval systems. In particular, it is used to access monPortail.

Admission and registration

Two distinct processes:

Admission offer: confirms your eligibility to study in a program and allows you to begin the process of coming to Canada.

Registration: consists of choosing the academic activities (courses, internships, writing and research activities) you will engage in during a semester. **Must be completed before each new session, throughout your studies.**

Your first registration

- By your Faculty's academic advisor
- By **yourself** in [monPortail](#) (*Identification with your IDUL and password*)
- To validate your choices, we recommend that you contact your [Faculty's academic advisor](#).
- Once you've accepted your admission offer, keep an eye on your **@ulaval.ca e-mail inbox**. Your program director will provide you with useful information to help you prepare for the upcoming session and choose the courses you will take.
- If you have any questions about MonPortail, meet our welcoming team at Pavillon Maurice-Pollack, room 1106, from January 4 to 15.

Knowledge of French

- Université Laval is a French university. Although some classes and reading can be offered in English, most of the classes and interactions are in French.
- Also, Québec city is mostly unilingual in French. You have to be able to use simple words to get around in the city.
- You may be required to take a language test or complete a course of french to obtain your diploma. Consult your academic path on [MonPortail](#) or contact your [academic advisor](#) to make sure if this is your case.

How courses work

- How MonPortail works
- Fast-paced sessions from the first week of class
- Autonomy in learning
- Participation in lessons and assignments
- Accessibility of teachers
- **No catch-up exams**

HOUSING

Finding an accomodation

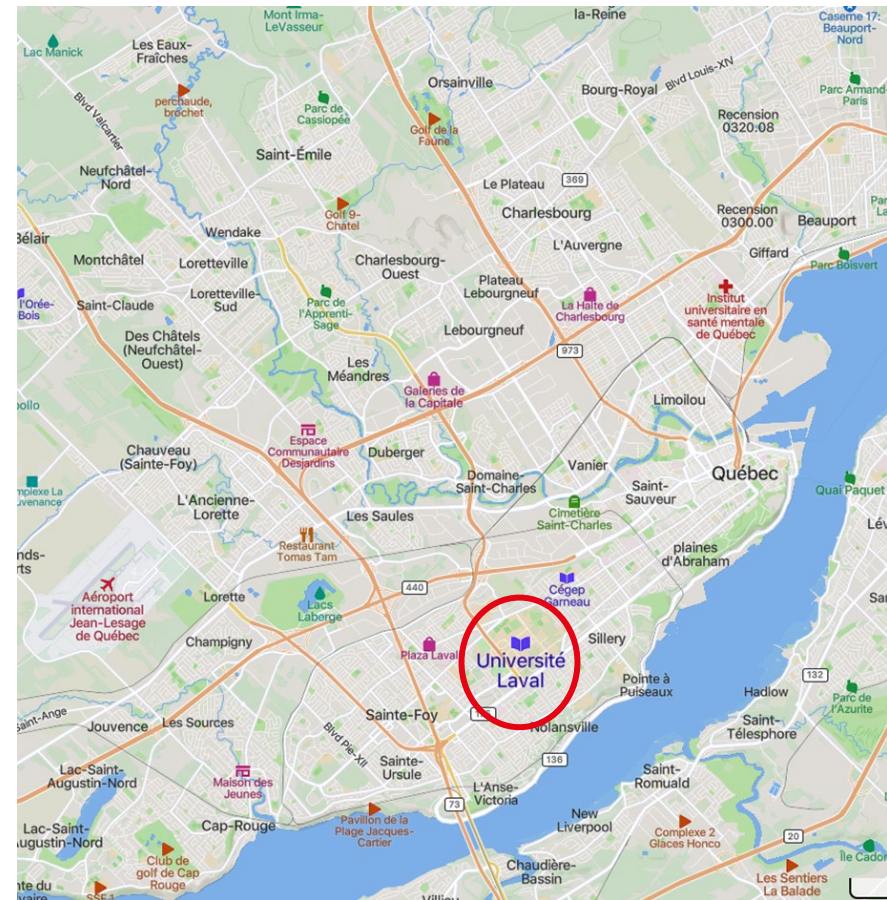

****Warning: There is currently a housing crisis in Quebec**.**

- On-campus housing: You can reserve a room at Université Laval residences.
- Off-campus housing: If you're arriving with your family or would like to live off-campus, take a look at the various housing search platforms in Quebec City.
- Temporary stay at your arrival: If you arrive in Quebec City without accommodation, you'll need to find a temporary alternative. Check out these alternatives.
- Home insurance: We **strongly recommend** that you take out home insurance to cover possible damage to your home or theft. Even students living in university residences should take out such insurance.

Locate Université Laval

Look for housing near bus routes 800, 801, 804 and 807. Montcalm, Saint-Jean-Baptiste, Sainte-Foy, Saint-Roch, Saint-Sacrement and Old Quebec are the areas closest to U Laval.

However, they are also among the most expensive neighborhoods. If you can't afford to live there, Saint-Sauveur, Beauport and Limoilou, as well as the South Shore of Quebec City (Lévis, Saint-Romuald, Charny) are often more affordable. You'll need to plan your bus travel time accordingly.

CHOOSING YOUR ARRIVAL DATE

Prepare for your stay

Choosing your arrival date

- ✓ We recommend that you arrive at least 1 to 2 weeks before the start of the class.
- ✓ If you wish to arrive in Canada before the effective date of your insurance or in another province, you will need to take out **private insurance that will be in effect from the moment you travel to Canada.**

Booking a flight

- ✓ Make sure your immigration documents are approved before you buy a plane ticket.
- ✓ Check your airline's travel advice.
- ✓ There are two main airports in Quebec: Jean-Lesage airport in Quebec City and Pierre-Elliott-Trudeau airport in Montreal.

CLEARING CANADIAN CUSTOMS

Clearing Canadian customs

- Consult the [list of documents required](#) to enter Canada to be well prepared and keep them in your carry-on bag.
- When you arrive in Canada, at the first airport you visit, you'll have to pass two identity checks. You'll go through primary inspection at automated kiosks, then secondary inspection with border services officers. **Allow 3 to 4 hours if you have a connecting**
 **light.**
- Your study permit (if required) will be issued on site. Check your study permit to ensure that your personal information is correct and that it clearly states your right to work.
- For more information: [Travelling to Canada and clearing Canadian customs](#) and come to our [Q&A sessions](#).

TRANSPORTATION

Your transportation from the airport to Université Laval

From Montreal's Pierre-Elliott-Trudeau airport

- [VIA Rail](#) trains also run from Gare Centrale de Montréal to Gare du Palais (Quebec City Centre-Ville) and Gare de Sainte-Foy (closer to ULaval).
- You can also take a connecting flight to Québec City's Jean-Lesage airport.
